## Evertz Reports Purchase Order in Excess of \$10 Million

**BURLINGTON, ONTARIO--(Marketwire - December 23, 2013) -**

Attention Business/Financial Editors:

Evertz Technologies Limited (TSX:ET), a global leader in video network innovation, today reported the receipt of a purchase order from a North American customer totaling in excess of \$10 million for delivery of Evertz solutions. The purchase order reflects the adoption of Evertz new product initiatives and the broad deployment of Evertz infrastructure, conversion, visualization, monitoring and control solutions by a key customer.

About Evertz

Evertz Technologies Limited (TSX:ET) designs, manufactures and markets video and audio infrastructure solutions for the television, telecommunications and new-media industries. The Company's solutions are purchased by content creators, broadcasters, specialty channels and television service providers to support their increasingly complex multi-channel digital, high definition television ("HDTV") and next generation high bandwidth low latency IP network environments and by telecommunications and new-media companies. The Company's products allow its customers to generate additional revenue while reducing costs through the more efficient signal routing, distribution, monitoring and management of content as well as the automation of previously manual processes.
