

Attention Business/Financial Editors:

Evertz Receives Purchase Orders Totaling Over \$12 Million.

Burlington, November 2, 2012, Evertz Technologies Limited (TSX:ET), a global leader in video infrastructure solutions for production, playout and delivery systems for television broadcasters, telecom and multi-system operators, today reported the receipt of purchase orders for delivery of Evertz solutions from two national US customers, totaling in excess of \$12 million. The purchase orders reflect the adoption by key customers of Evertz latest technologies for large scale routing, infrastructure and control solutions.

About Evertz

Evertz Technologies Limited (TSX: ET) designs, manufactures and markets video and audio infrastructure solutions for the television, telecommunications and new-media industries. The Company's solutions are purchased by content creators, broadcasters, specialty channels and television service providers to support their increasingly complex multi-channel digital and high definition television ("HDTV") broadcast environments and by telecommunications and new-media companies. The Company's products allow its customers to generate additional revenue while reducing costs through the more efficient signal routing, distribution, monitoring and management of content as well as the automation of previously manual processes.
